When did we start?

The Hispanic Society of Victoria was founded in 1952 by a small group of volunteer Australians, Spaniards and Latin Americans who were interested in the Hispanic culture.

What are the organisations aims?

To promote Hispanic culture and language within communities in Victoria for people with Hispanic, Australian and other backgrounds mainly through organisation of Tertulias (social and cultural gatherings) and to promote and support activities run by other organisations with similar aims.

When and where do we meet?

Our monthly Tertulias are currently held the second Saturday of the month at the Box Hill Lions Club. They have been very successful with high levels of attendance. The Society is now planning to hire a new venue with better facilities starting next year.
